Just last month, the Biden administration released 17,126 illegal immigrants into the U.S.

That brings the total to over 264,629 illegal immigrants released into the U.S. under Biden.

In Trump's last full month in office, that number was only 17.

Thank you Safe. Great article by one of the constitutional greats. Everyone should read this especially those who have followed the trial closely. We have a judge who is protecting the constitutional rights of Rittenhouse and the liberals don't like it. CNN & MSNBC hate it.
